20x210 mm striker - round edges ,“L” shaped

Description

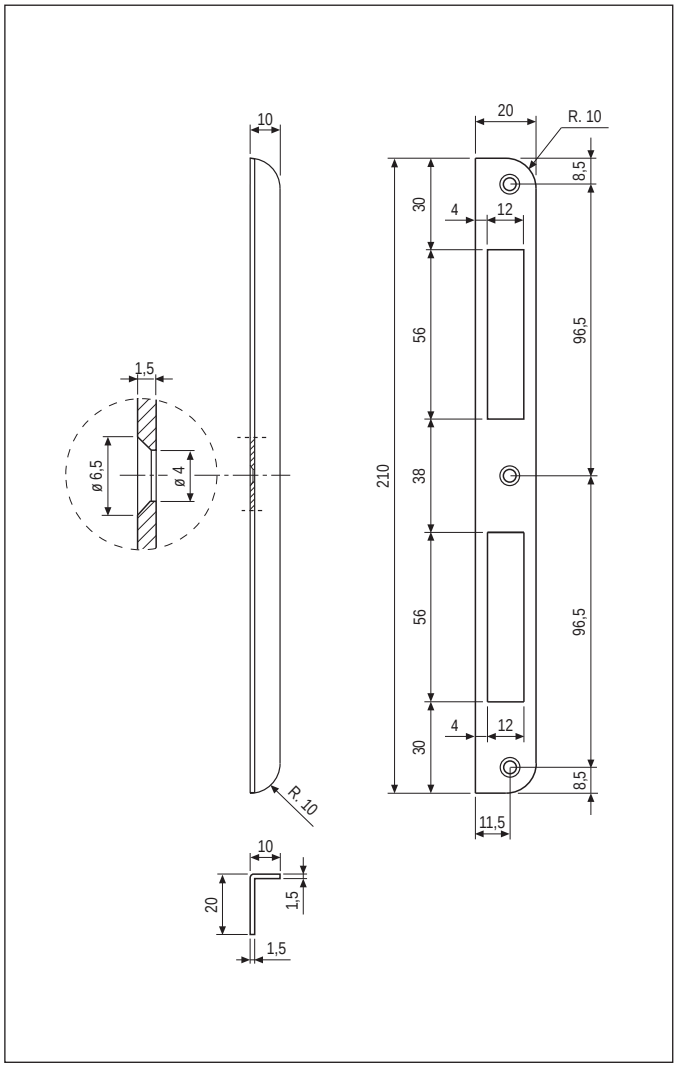
Steel striker with semiround ends, 20 mm wide, 210 mm long. L-shaped for protection of frame edge.
Suitable for both right and left-handed applications.

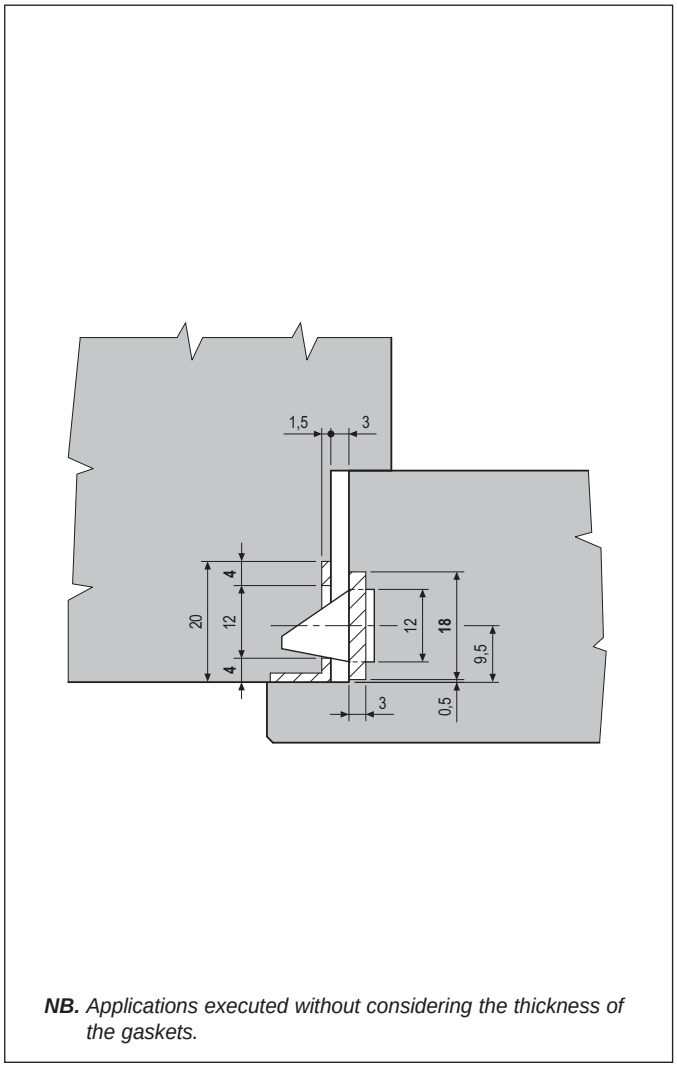
Application

Used in combination with an 18 mm forend Patent Grande lock, on interior rebated doors with timber frame. It can also be used with 18-mm forend Mortice locks.

Mounting

Mill the frame according to the dimensions shown in the diagram. Install the striker flush with the edge of the frame.
Fasten with three 3,5x25 mm screws.





NB. *Applications executed without considering the thickness of the gaskets.*
